

ROOSEVELT—The girls track team came out to be the winner after a controversial final tally, winning the meet by 4 points instead of losing by 2 points.

According to Coach Verle Tolley, the final count didn't have the third place win by Diann Trimble, which gave the Wasps a 4 point victory.

Coach Tolley explained that the calculations made were in error by four points and that after a quick phone call to the Union coach, the proper score was
